# We're Red Hot!

What is red hot? It is...  
...the spirit you feel the minute you walk in the doors.  
...the excitement you see in everyone's face.  
...the blistering feeling when you forget your homework.  
...the smoldering heat you feel in the halls during passing periods.  
...the anxiety of being called on in class when you weren't paying attention.

...the sweaty feeling you get when you have to read out loud.  
...the burning realization of knowing the answer no one else is getting right.  
...the sparkling feeling when everyone is having a good time.  
**RED HOT** is everything about our school. We're **RED HOT!**

Jackie Campbell sends a warm smile to her friends.

# We're Seen In HOT SPOTS

Ken Caryl started off the year with many exciting activities. Students became acquainted with new teachers, schedules, the school, and most importantly, friends. Team 1 and Core A went on retreats to the mountains. Other cores started the new year with different activities. Of course, each year has its down sides; getting new schedules, locker problems, getting

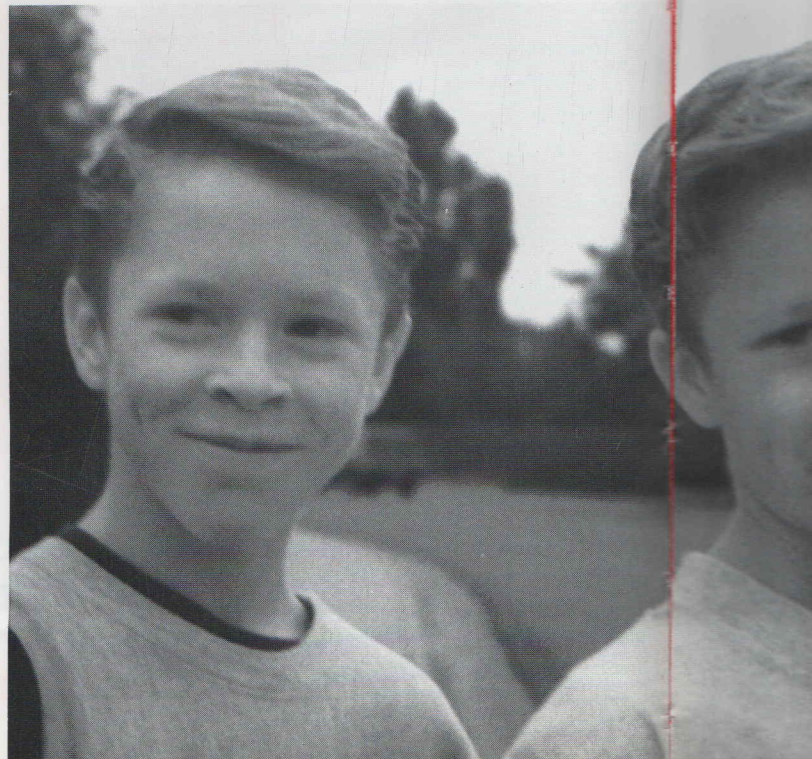

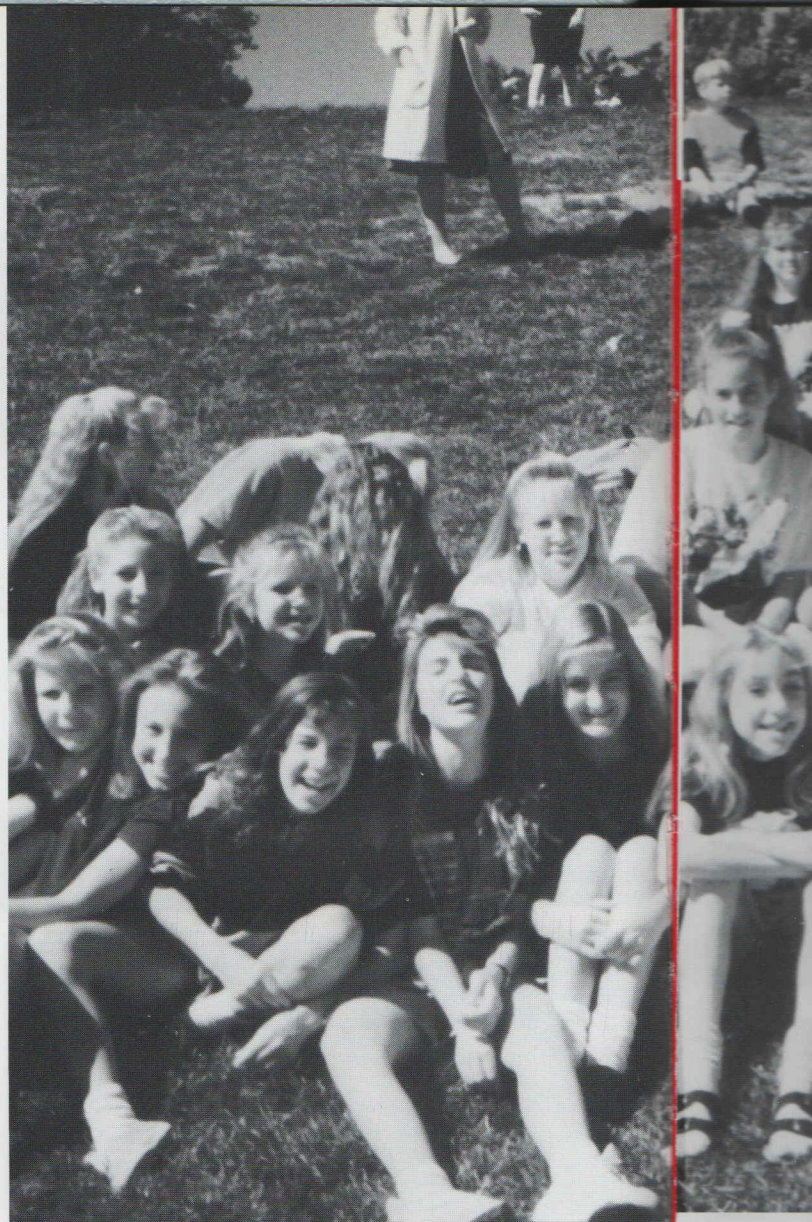

lost, confused with homework, and last but not least, not knowing what to do or how to do it! Throughout the year, school becomes a routine of getting up early, sitting through class, wondering when it will end, waiting for lunch, talking with friends, excited for field trips, and counting the days until school is out. Looking back, did it seem so bad?

Kelly Adragna and Sara Martin are **SPOT** ted having fun on recess.

After finishing each section of the book, we had a celebration as a reward for our work. We also published the winter copy of the Crusader Chronicle, our school newspaper. Mrs. Hanley taught this class and was editor of the yearbook and newspaper.

This conference was an opportunity for the student leaders of this school to learn more about problem solving and other types of leadership activities. This event helped Ken Caryl as students were able to help solve conflicts that often arise between fellow students. The Leadership Retreat was a great experience for all of the participants.

# We're Ready for the CHALLENGE

This was the first year for the Challenge program. The students in this class became special friends to many seventh and eighth graders.

We asked Dottie Albertson to share her feelings and thoughts about working daily

with the Challenge students. "The Challenge kids are wonderful. If you spend a moment or an hour with them, they will leave a memory with you for a life time. They have a special attitude that you can almost relate to. I feel that working with kids that have less ability than us is a great way to find out how much we take for granted.

The Challenge kids' names are Becky, Kit, Nick, Julian, and Andrea. The teachers are Steve, Jim and Sharon. They are all great! I have felt my experience has been worthwhile and I have learned to understand what

people with disabilities go through. The Challenge program is an organized program which also has fun. The group goes places on Fridays. Students have a lot of fun in the room. Everyone works together to make it a well organized program. The kids have good attitudes with each other. Sometimes they have a bad day just like you and me.

I loved working with the Challenge program and would encourage students to get involved with it next year."

Andrea Clark enjoys free time during class.
